## VENUE PROFILE - *The Lansdowne Hotel*

Corner of City Road & Broadway Chippendale. 3 mins from Sydney CBD centre. Fantastic energy and great food.

The Lansdowne Hotel celebrates the old and the new and embodies its illustrious past by incorporating arts, culture, and at its beating heart - music. The venue has always played a crucial role in Sydney’s music & art and night-time culture and has recently been revived.

Recent improvements to the venue include new bars & amenities, warm lighting, new flooring, fresh licks of paint or lack there of where the original heritage wood grain now shines and a new downstairs smoking area taking you into another world of tech-noir 80’s back alley sci-fi movie proportions. With much more to come, the Lansdowne remains to be one of Sydney’s most loved and iconic gems, standing proud on the corner of Broadway and City Road, Chippendale.
