The “main event” is over – now let’s get to the AFTERZ !

VENUE PROFILE - *The Oxford Art Factory*

Inspired by Andy Warhol’s Factory in New York during the 60’s, the Oxford Art Factory is more than just an impressive space.

It is an informed response to Sydney’s desire for a dynamic new entertainment experience. From the interior fit-out to bar operations & entertainment – every component of the Oxford Art Factory draws upon the experience of industry leaders to ensure that the atmosphere is second to none.
